Batteries contain chemical substances, so they should be disposed of properly:**This set complies with the radio interference requirements of the European Union.****GENERAL INFORMATION****CD player and CD handling**

- Do not touch the lens (A) of the CD player.
- Do not expose the unit, batteries or CDs to humidity, rain, sand or excessive heat (caused by heating equipment or direct sunlight).
- You can clean the CD player with soft, slightly dampened, lint-free cloth. Do not use any cleaning agent as it may have a corrosive effect.
- To clean the CD, wipe it in a straight line from the center toward the edge using soft, lint-free cloth. The cleaning agent may damage the disc! Never write on a CD or attach a sticker to it.

Important:

- The lens may cloud over when the unit is moved suddenly from cold to warm surroundings. In that case, playing a CD is not possible. Leave the CD player in a warm environment until the moisture has evaporated.

Creating a MP3/WMA CD: burn the music files from your computer hard disc on a CD-R or CDRW using your CD burner.**All trademarks used are owned by their respective owners.****HEADPHONE****AY3806**

- Connect the supplied headphones to the □ / LINE OUT socket of the player.

Helpful Hints:

- □ / LINE OUT can also be used to connect this set with your HiFi system. To adjust the sound and volume, use the controls on the connected audio equipment and the CD player.

IMPORTANT!**Hearing safety:** listen at a moderate volume, using headphones at high volume can impair your hearing. We recommend headphone no. AY3806 for this product.**Important:** (for models with bypassed headphones) Philips guarantees compliance with the electronic skip protection power of its audio players as determined by relevant regulatory bodies only with the original model of prepackaged headphones. In case this one is not provided, we recommend that you contact your retailer to order a model identical to that of the original, provided by Philips.**Traffic safety:** Do not use headphones while driving a vehicle. It may create hazard and it is illegal in many countries.**Apparatus shall not be exposed to dripping or splashing.****Do not place any sources of danger on the apparatus (e.g. liquid filled objects, lit candles)****ABOUT MP3 / WMA**

The music compression technology MP3/WMA (MPEG1 Audio Layer 3) significantly reduce the digital data of an audio CD while maintaining good sound quality.

Getting MP3/WMA files: you can either download legal music files from the internet to your computer hard disk, or create such files by converting audio CD files in your computer through appropriate encoder software. (128kbps bit rate or higher is recommended for MP3/WMA files.)**Important:** CDs encoded with copyright protection technologies by some record companies may be playable by this product.

- For DRM protected WMA files, use Windows Media Player 10 (or later) for CD burning/conversion. Visit www.microsoft.com for details about Windows Media Player and WM DRM (Windows Media Digital Rights Management).

Helpful Hints:

- □ / LINE OUT can also be used to connect this set with your HiFi system. To adjust the sound and volume, use the controls on the connected audio equipment and the CD player.

Important:**Hearing safety:** listen at a moderate volume, using headphones at high volume can impair your hearing. We recommend headphone no. AY3806 for this product.**Important:** (for models with bypassed headphones) Philips guarantees compliance with the electronic skip protection power of its audio players as determined by relevant regulatory bodies only with the original model of prepackaged headphones. In case this one is not provided, we recommend that you contact your retailer to order a model identical to that of the original, provided by Philips.**Traffic safety:** Do not use headphones while driving a vehicle. It may create hazard and it is illegal in many countries.**PLAYING A CD**This CD player can play all kinds of **Audio Discs** (including CD-Recordables and CD-Rewritables) and **MP3/WMA CDs**.

Do not try to play a CD-ROM, CDI, VCD, DVD or computer CDs.

Important:• CDs encoded with **copyright protection technologies** by some record companies may be playable by this product.

- For DRM protected WMA files, use Windows Media Player 10 (or later) for CD burning/conversion. Visit www.microsoft.com for details about Windows Media Player and WM DRM (Windows Media Digital Rights Management).
